Play songs, sync music, discover music and free albums with Spotify, your go-to music downloader. Spotify also offers thousands of Podcasts, including originals that. You make podcasts. We make it easier for millions of people to find and listen to them. Get your show on Spotify, and see the data and insights you need to grow your audience. Exclusive Content: Spotify is working with creators to produce interesting new content like 'Stay Free: The Story of the Clash', 'Jemele Hill Is Unbothered', and 'Amy Schumer Presents'. Advertising Opportunities: 61% of US listeners report buying a product they heard about on a podcast ad.

If you have Premium, you can download your favorite songs, albums, playlists, and podcasts, so you can listen to them without an internet connection.

You can download up to 10,000 songs on a maximum of 5 different devices.

Note: If you use the free service you can download podcasts on mobile and tablet.

Note: An internet connection is initially required for downloading. You need to go online at least once every 30 days to keep your music and podcasts downloaded.

Select your device below for more information:

Download music

Spotify is about music first and foremost, and it's a great platform for discovering new artists, creating playlists, and getting a sneak peek at new tracks. But it also has a wide selection of podcasts about comedy, politics, science, parenting, and of course, music.

Note: It's not possible to download albums or podcasts in the desktop app.

1. Go to the playlist you want to download.
2. Switch Download on .

A green arrow indicates the download was successful.

Set the app to Offline Mode

Note: In Offline Mode, you can only play music you've downloaded.

1. Open Spotify.
2. **For Mac:** In the Apple menu at the top of the screen, click **Spotify**.
For Windows: Click **File** in the Windows menu at the top of the screen.
3. Select **Offline Mode**.

Download music and podcasts

1. Go to the playlist, album, or podcast you want to download.
2. Tap to download.
Note: On Android, tap Download on to download an album or playlist.

A green arrow indicates the download was successful.

Best Podcast On Spotify 2020

Note: Podcasts you download are automatically saved to **Your Library** .

Set the app to Offline Mode

Note: In Offline Mode, you can only play music and podcasts you've downloaded.

1. Tap **Home** .

2. Tap **Settings** .
3. Tap **Playback** .
4. Switch **Offline** on.

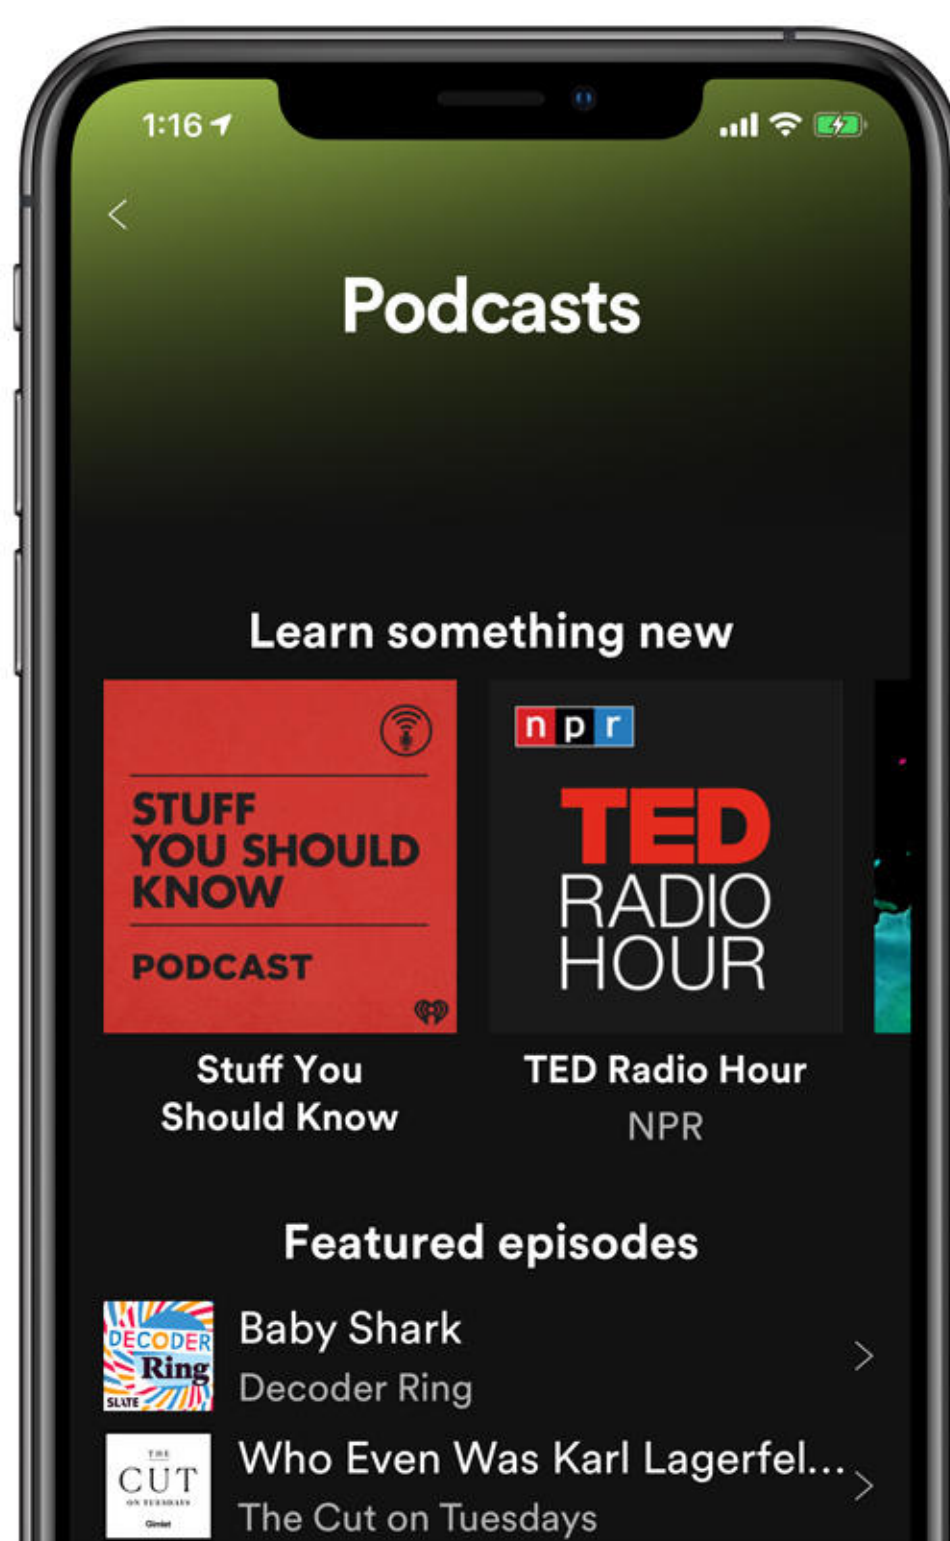

Download with mobile data

By default, downloading with mobile data is disabled. To enable it:

1. Tap **Home** .
2. Tap **Settings** .
3. Tap **Music Quality** .
4. Under **Download**, switch on **Download using cellular**.

Tip: We recommend downloading over WiFi to avoid mobile data charges.
